

# Take Charge of your Water...

...with 3M Whole House Bacteria-free Water Solutions

Be it bathing, watering plants, washing vessels, or doing laundry, water plays an indispensable role in our day-to-day lives.

But did you know that the water we use is eroding our quality of life? From torn clothes to leftover sediments in water pipes and vessels, the negative implications of using impure water are many.

3M Whole House Bacteria-free Water Solutions is an all-in-one system that treats:

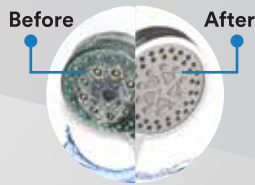

- Bacteria
- Hardness
- Chlorine

## 3M Bacto-Free provides

99.99%  
bacteria-free water  
in every step

Scale  
prevention

Chlorine  
removal

Better bathing  
experience
